

### Circus Skills Workshop – Pupils Assessment Criteria

The Sage Educational Trust has funded the Circus Skills Workshops in your school as part of their teaching and learning programme. The workshops have a number of aims, a key one of which is to look at the impact of the workshops on the self esteem of the children participating in all workshops. We are also keen to look at the immediate impact of the work on the children who participate in terms of their ability to work with other children and confidence in taking on new complex physical learning tasks. We have devised a set of criteria which are listed above. We would very much welcome any additional criteria that you feel may also be relevant.

For each child please answer each statement on a scale of 1 – 10. 1 being not at all or not competent, 10 being always or very competently, 5 being often or fairly competently. Please try to complete the questionnaire before the first session of the child's participation in the Circus Skills workshops and then immediately after each session the child participates in.

| <b>Assessment Criteria</b>                             | <b>Name of Pupil</b> | <b>Prior to workshop participation – week 0</b> | <b>Week 1</b> | <b>Week 2</b> | <b>Week 3</b> | <b>Week 4</b> | <b>Any Additional Comments</b> |
|--|----------------------|---|---------------|---------------|---------------|---------------|--------------------------------|
| Works effectively as part of a team                    |                      |   |               |               |               |               |                                |
| Responds well to tasks set                             |                      |   |               |               |               |               |                                |
| Is confident to try new things                         |                      |   |               |               |               |               |                                |
| Adapts easily to learning new tasks                    |                      |   |               |               |               |               |                                |
| Is confident to ask questions if not sure about a task |                      |   |               |               |               |               |                                |
| Responds appropriately                                 |                      |   |               |               |               |               |                                |

|   |  |  |  |  |  |  |  |
|---|--|--|--|--|--|--|--|
| to other children in the group  |  |  |  |  |  |  |  |
| Contributes to the overall tasks of the group effectively                         |  |  |  |  |  |  |  |
| Communicates confidently within their group                                       |  |  |  |  |  |  |  |
| Communicates confidently with the workshop leader                                 |  |  |  |  |  |  |  |
| Enjoys new tasks and challenges   |  |  |  |  |  |  |  |
| Is tolerant of other members of the group if they are slower to learn a new tasks |  |  |  |  |  |  |  |
| Does not fear new tasks   |  |  |  |  |  |  |  |

Thank you for your assistance.
